Subject index

ABC policy, Revisiting the ABC strategy: HIV prevention in Uganda in the era of antiretroviral therapy, **625**
ABC strategy, As easy as ABC? Primary prevention of sexually transmitted infections, **273**
HIV/AIDS prevention in Uganda: why has it worked?, **615**
Primary prevention of sexually transmitted disease: applying the ABC strategy, **299**
abdominal, Functional abdominal pain, **448**
abnormal sexual behaviour, Sexually inappropriate behaviour in demented elderly people, **463**
Aboriginal Australian, Toward health and wellbeing for indigenous Australians, **618**
academic medicine, "Leaving town" versus "taking leave": the case for re-thinking academic leave restrictions, **732**
acanthosis nigricans, Acanthosis nigricans: relation with type 2 diabetes mellitus, anthropometric variables, and body mass in Indians, **541**
access, Access and equity to cancer care in the USA: a review and assessment, **674**
accidents, Accidents don't happen any more: junior doctors' experience of fatal accident inquiries in Scotland, **185**
ACE inhibitors, Patients undergoing coronary revascularisation: a missed opportunity for secondary prevention?, **401**
acute coronary syndrome, Contemporary management of acute coronary syndrome, **217**
acute irritant reaction, Acute irritant reaction to an antiseptic bath emollient, **131**
acute liver failure, Acute liver failure: a message found under the skin, **269**
acute lymphoblastic leukaemia, A woman who couldn't speak: report of methotrexate neurotoxicity, **194**
acute phase response, Potential role of interleukin 6 in reactive thrombocytosis and acute phase response in pulmonary tuberculosis, **604**
adaptation, Intestinal adaptation after massive intestinal resection, **178**
adrenaline, Food allergy in children, **693**
adult intussusception, Adult intussusception: case reports and review of literature, **174**
adult, Epidemiology, clinical characteristics, and management of adults referred to a teaching hospital first seizure clinic, **715**
adverse drug reaction, Irreversible sensorineural hearing loss due to clarithromycin, **58**
African Americans, Diabetes in African Americans, **734**
aggression, Sexually inappropriate behaviour in demented elderly people, **463**
agranulocytosis, Clozapine, agranulocytosis, and benign ethnic neutropenia, **545**
AIDS, As easy as ABC? Primary prevention of sexually transmitted infections, **273**
alcohol, Clinical associations of Dupuytren's disease, **425**
Drunken patients in the general hospital: their care and management, **161**
Alzheimer's disease, Cognitive aging and Alzheimer's disease, **343**
ANCA, Cinical and pathological characteristics of Chinese patients with antineutrophil cytoplasmic autoantibody associated systemic vasculitides: a study of 426 patients from a single centre, **723**
aneurysmal subarachnoid haemorrhage, Aneurysmal subarachnoid haemorrhage: guidance in making the correct diagnosis, **470**
anger, An investigation of the anger levels of residents: medical compared with surgical disciplines, **653**
anger expression, An investigation of the anger levels of residents: medical compared with surgical disciplines, **653**
angina, Disease progression and adverse events in patients listed for elective percutaneous coronary intervention, **459**
angiogenesis, Angiogenesis: a curse or cure?, **236**
ankylosing spondylitis, An uncommon cause of back pain in pregnancy, **65**
anthropometric measurements, Acanthosis nigricans: relation with type 2 diabetes mellitus, anthropometric variables, and body mass in Indians, **541**
antibiotic, Is antibiotic resistance a problem? A practical guide for hospital clinicians, **680**
antidepressants, Heart and mind: (2) psychotropic and cardiovascular therapeutics, **33**
anti-inflammatory drugs, Non-steroidal anti-inflammatory drugs and colorectal cancer prevention, **223**
antiphospholipid syndrome, Colonic ulcers in propylthiouracil induced vasculitis with secondary antiphospholipid syndrome, **338**
antiretroviral therapy, Revisiting the ABC strategy: HIV prevention in Uganda in the era of antiretroviral therapy, **625**
antiseptic emollients, Acute irritant reaction to an antiseptic bath emollient, **131**
antithrombotics, Direct thrombin inhibitors: novel antithrombotics on the horizon in the thromboprophylactic management of atrial fibrillation, **370**
anxiety, Heart and mind: (2) psychotropic and cardiovascular therapeutics, **33**
aorta, Role of surgery in the management of the adult patient with coarctation of the aorta, **243**
aortic coarctation, Role of surgery in the management of the adult patient with coarctation of the aorta, **243**
aphasia, A woman who couldn't speak: report of methotrexate neurotoxicity, **194**
aphthous stomatitis, Important cutaneous manifestations of inflammatory bowel disease, **580**
apparent diffusion coefficient, Early diffusion weighted imaging and expression of heat shock protein 70 in newborn pigs with hypoxic ischaemic encephalopathy, **589**
arrhythmia, Arrhythmias in an athlete: the effect of de-training, **62**
artemisinin, Artemisinins, **71**
arthroscopy, Correlation between clinical diagnosis and arthroscopic findings of the shoulder, **657**
artistic talents, Unexpected development of artistic talents, **753**
ascites, Peritoneovenous shunting is an effective treatment for intractable ascites, **259**
atheromatous heart disease, Myocardial infarction in young adults, **741**
atherosclerosis, Helper T cells and atherosclerosis: the cytokine web, **746**
Psychosocial stress and cardiovascular diseases, **429**
athlete, Arrhythmias in an athlete: the effect of de-training, **62**
ATLS, The Advanced Trauma Life Support course: a history of its development and review of related literature, **87**
atrial fibrillation, Direct thrombin inhibitors: novel antithrombotics on the horizon in the thromboprophylactic management of atrial fibrillation, **370**
atypical diabetes, Diabetes in African Americans, **734**
atypical mycobacterium infections, Clinical features and follow up of 302 patients with *Mycobacterium kansasii* pulmonary infection: a 50 year experience, **530**
audit, Do junior doctors know where to insert chest drains safely?, **456**
auto-injectors, Food allergy in children, **693**
autonomic dysreflexia, Autonomic dysreflexia: a medical emergency, **232**

β blockers, Patients undergoing coronary revascularisation: a missed opportunity for secondary prevention?, **401**
back pain, An uncommon cause of back pain in pregnancy, **65**
benefit, Nutrition support for patients in the intensive care unit, **629**
benign, Clozapine, agranulocytosis, and benign ethnic neutropenia, **545**
Bernoulli CUSUM, Monitoring surgical and medical outcomes: the Bernoulli cumulative SUM chart. A novel application to assess clinical interventions, **647**
bieventricular pacing, Device based treatment of heart failure, **286**
bleeding, Acute endoscopic intervention in non-variceal upper gastrointestinal bleeding, **92**
body fat compostition, Acanthosis nigricans: relation with type 2 diabetes mellitus, anthropometric variables, and body mass in Indians, **541**
brain, Functional abdominal pain, **448**
bupropion, Pragmatic, observational study of bupropion treatment for smoking cessation in general practice, **719**

caecal bascule, Diagnosis and treatment of caecal volvulus, **772**
caecal volvulus, Diagnosis and treatment of caecal volvulus, **772**
caecopexy, Diagnosis and treatment of caecal volvulus, **772**

caecostomy, Diagnosis and treatment of caecal volvulus, **772**
cancer, Angiogenesis: a curse or cure?, **236**
cancer care, Access and equity to cancer care in the USA: a review and assessment, **674**
cancer screening, Access to health care for ethnic minority populations, **141**
cardiac, It is time to test low level laser therapy in Great Britain, **436**
cardiac arrest, Variations in the provision of resuscitation equipment: survey of acute hospitals, **409**
cardiac function, Systolic and diastolic function in middle aged patients with sickle β thalassaemia. An echocardiographic study, **711**
cardiac resynchronisation therapy, Device based treatment of heart failure, **286**
cardiac tamponade, Cardiac tamponade, **67**
cardiogenic, Non-invasive ventilation in acute cardiogenic pulmonary oedema, **637**
cardiovascular disease, Heart and mind: (2) psychotropic and cardiovascular therapeutics, **33**
Postprandial dysmetabolism and cardiovascular disease in type 2 diabetes, **1**
Psychosocial stress and cardiovascular diseases, **429**
carotid artery dissection, A novel treatment for symptomatic carotid dissection, **e6**
case definition, Evaluation of the status of tuberculosis as part of the clinical case definition of AIDS in India, **404**
Castleman's disease, Gastrointestinal involvement in POEMS syndrome: a novel clinical manifestation, **e12**
catecholamines, Psychosocial stress and cardiovascular diseases, **429**
CCR5-Δ32 mutation, What caused the Black Death?, **315**
CD14, Polymorphisms of CD14 gene and TLR4 gene are not associated with ulcerative colitis in Chinese patients, **526**
CD4, Assessment of the efficacy of total lymphocyte counts as predictors of AIDS defining infections in HIV-1 infected people, **586**
channelopathy, Neurological channelopathies, **20**
chemotherapy, Malaria in the post-genomics era: light at the end of the tunnel or just another train?, **505**
chest drain, Do junior doctors know where to insert chest drains safely?, **456**
chronic pancreatitis, A rare cause of mediastinal expansion with a massive pleural effusion, **e18**
Diagnosis and management of chronic pancreatitis, **491**
chronic renal failure, Four gland parathyroidectomy without reimplantation in patients with chronic renal failure, **255**
clarithromycin, Irreversible sensorineural hearing loss due to clarithromycin, **58**
clinic, Approach to the patient with epilepsy in the outpatient department, **442**
clinical, Correlation between clinical diagnosis and arthroscopic findings of the shoulder, **657**
clinical outcomes, Monitoring surgical and medical outcomes: the Bernoulli cumulative SUM chart. A novel application to assess clinical interventions, **647**
clinical skills, Practical experience and confidence in managing emergencies among preregistration house officers, **396**
clinical trials, Limitations of "pragmatic" trials, **203**
Use of the single subject design for practice based primary care research, **549**
Clostridium difficile, Pathogenesis and treatment of *Clostridium difficile* infection, **367**
clozapine, Clozapine, agranulocytosis, and benign ethnic neutropenia, **545**
cocaine misuse, Cocaine and the heart, **568**
cocaine related complications, Cocaine and the heart, **568**
cognitive aging, Cognitive aging and Alzheimer's disease, **343**
colon, Colonic ulcers in propylthiouracil induced vasculitis with secondary antiphospholipid syndrome, **338**
colonoscopy, Colonoscopy in the very old: why bother?, **196**
colorectal cancer, Expression of granulocyte colony stimulating factor receptor in human colorectal cancer, **333**
Non-steroidal anti-inflammatory drugs and colorectal cancer prevention, **223**
community, Agreement between community echocardiography and hospital echocardiography in patients suspected of having left ventricular systolic dysfunction, **777**
Co-morbidity in general practice, **474**
compartment syndrome, Well leg compartment syndrome after pelvic and perineal surgery in the lithotomy position, **534**
compliance, National review of urology outpatient practice in the UK, **55**
computed tomography, Aneurysmal subarachnoid haemorrhage: guidance in making the correct diagnosis, **470**
computer mediated communication, E-mentoring: Does it have a place in medicine?, **389**
condoms, As easy as ABC? Primary prevention of sexually transmitted infections, **273**
HIV/AIDS prevention in Uganda: why has it worked?, **615**
Primary prevention of sexually transmitted disease: applying the ABC strategy, **299**
conference leave, "Leaving town" versus "taking leave": the case for re-thinking academic leave restrictions, **732**
conference proceedings, HIV/AIDS prevention in Uganda: why has it worked?, **615**
confidence, Dynamic confidence during simulated clinical tasks, **785**
congenital diaphragmatic hernia, Clinical presentation and operative repair of hernia of Morgagni, **41**
congenital heart disease, Congenital heart disease in pregnancy, **292**
conjunctiva, Isolated conjunctival lymphoma metastasis from previous low grade non-Hodgkin's lymphoma, **e1**
consent form, Informed consent in renal transplantation, **188**
consultants, Do consultants differ? Inferences drawn from hospitalin-patient enquiry (HIPE) discharge coding at an Irish teaching hospital, **327**
Improving hospital doctors' working lives: online questionnaire survey of all grades, **49**
Meeting the non-clinical education and training needs of new consultants, **519**
continuing medical education, "Leaving town" versus "taking leave": the case for re-thinking academic leave restrictions, **732**
continuing professional development, "Leaving town" versus "taking leave": the case for re-thinking academic leave restrictions, **732**
coronary angioplasty, Disease progression and adverse events in patients listed for elective percutaneous coronary intervention, **459**
coronary artery dissection, Active inflammatory bowel disease and coronary artery dissection, **68**
coronary revascularisation, Patients undergoing coronary revascularisation: a missed opportunity for secondary prevention?, **401**
cortisol, Psychosocial stress and cardiovascular diseases, **429**
cost of care, Cost of ambulatory care of diabetes mellitus: a study from north India, **391**
counselling, Pragmatic, observational study of bupropion treatment for smoking cessation in general practice, **719**
critical care, Nutrition support for patients in the intensive care unit, **629**
Crohn's disease, Active inflammatory bowel disease and coronary artery dissection, **68**
cultural barriers, Access to health care for ethnic minority populations, **141**
cultural competence, Access to health care for ethnic minority populations, **141**
cyclo-oxygenase 2, Prospective study of acute gastrointestinal bleeding attributable to anti-inflammatory drug ingestion in the Yorkshire region of the United Kingdom, **252**

Darwin, Darwin's illness revealed, **248**
dementia, Sexually inappropriate behaviour in demented elderly people, **463**
Standing at the crossroads: which way will dementia services evolve?, **731**
depression, Heart and mind: (2) psychotropic and cardiovascular therapeutics, **33**
dextran, A novel treatment for symptomatic carotid dissection, **e6**
diabetes mellitus, Cost of ambulatory care of diabetes mellitus: a study from north India, **391**
diabetes, Clinical associations of Dupuytren's disease, **425**
Diabetes and ethnic minorities, **486**
Diabetes in African Americans, **734**
Postprandial dysmetabolism and cardiovascular disease in type 2 diabetes, **1**
diagnosis, Multiple sclerosis: diagnosis and the management of acute relapses, **302**
The approach to patients with "non-epileptic seizures", **498**
The heart and the oesophagus: intimate relations, **515**

differential diagnosis, Differential diagnosis of common tremor syndromes, **756**
diffusion weighted imaging, Early diffusion weighted imaging and expression of heat shock protein 70 in newborn pigs with hypoxic ischaemic encephalopathy, **589**
direct thrombin inhibitors, Direct thrombin inhibitors: novel antithrombotics on the horizon in the thromboprophylactic management of atrial fibrillation, **370**
disadvantage, Toward health and wellbeing for indigenous Australians, **618**
discharge coding, Do consultants differ? Inferences drawn from hospitalin-patient enquiry (HIPE) discharge coding at an Irish teaching hospital, **327**
dislocation, Bilateral dislocation of temperomandibular joints in a child: easily missed with the dummy in, **82**
disordered breathing, Impact of heart failure on quality of sleep, **99**
dissection, Carotid and vertebral artery dissection syndromes, **383**
dissociative seizures, The approach to patients with "non-epileptic seizures", **498**
disulfiram, Acute liver failure: a message found under the skin, **269**
DNA based diagnosis, Neurological channelopathies, **20**
doctor-patient relationship, The drama of being a doctor, **276**
Use of humour in primary care: different perceptions among patients and physicians, **126**
double blinded oral challenge, Food allergy in children, **693**
drug induced hepatotoxicity, Acute liver failure: a message found under the skin, **269**
drug interaction, Heart and mind: (2) psychotropic and cardiovascular therapeutics, **33**
drug misuse, Cocaine and the heart, **568**
Myocardial infarction in young adults, **741**
dummy, Bilateral dislocation of temperomandibular joints in a child: easily missed with the dummy in, **82**
Dupuytren's contracture, Clinical associations of Dupuytren's disease, **425**
dysbetaliporoteinaemia, Dermatology spot diagnosis, **497**
dyslipidaemia, Pathophysiology of dyslipidaemia in the metabolic syndrome, **358**

e-mentoring, E-mentoring: Does it have a place in medicine?, **389**
echocardiography, Agreement between community echocardiography and hospital echocardiography in patients suspected of having left ventricular systolic dysfunction, **777**
Systolic and diastolic function in middle aged patients with sickle β thalassaemia. An echocardiographic study, **711**
education, The Advanced Trauma Life Support course: a history of its development and review of related literature, **87**
elderly patients, Colonoscopy in the very old: why bother?, **196**
elderly population, Substance misuse in the older population, **228**
electrocardiogram, Modified electrode placement must be recorded when performing 12-lead electrocardiograms, **122**
emergent diseases, What caused the Black Death?, **315**
encephalopathy, Acute liver failure, **148**
endoscopic electrocautery, Epistaxis: an update on current management, **309**
endoscopic retrograde cholangiopancreatography, Radiation exposure to personnel performing endoscopic retrograde cholangiopancreatography, **660**
endoscopy, Acute endoscopic intervention in non-variceal upper gastrointestinal bleeding, **92**
Endoscopy waiting times and impact of the two week wait scheme on diagnosis and outcome of upper gastrointestinal cancer, **728**
Low grade B cell gastric mucosa associated lymphoma presenting as upper gastrointestinal bleeding from non-healing stomal ulcers, **135**
endothelial cell, Angiogenesis: a curse or cure?, **236**
enema retention, Comparative study of enema retention and preference in ulcerative colitis, **594**
Nutrition support for patients in the intensive care unit, **629**
epidemiology, Epidemiology of gastric cancer in Japan, **419**
Epidemiology, clinical characteristics, and management of adults referred to a teaching hospital first seizure clinic, **715**
Medical intelligence in Sweden. Vitamin B12: oral compared with parenteral?, **191**
Unexpected development of artistic talents, **753**
epilepsy, Approach to the patient with epilepsy in the outpatient department, **442**
Clinical associations of Dupuytren's disease, **425**
Management of epilepsy in women, **278**
Neurological channelopathies, **20**
epinephrine, Food allergy in children, **693**
epistaxis management, Epistaxis: an update on current management, **309**
epithelioid, Gastric epithelioid haemangioendothelioma: a rare cause of upper gastrointestinal bleeding, **e7**
erythema nodosum, Important cutaneous manifestations of inflammatory bowel disease, **580**
essential tremor, Differential diagnosis of common tremor syndromes, **756**
ethics, Ethical issues of resuscitation: an American perspective, **608**
ethnic, Clozapine, agranulocytosis, and benign ethnic neutropenia, **545**
ethnic differences, Study of familial Parkinson's disease in Russia, Uzbekistan, and Zambia, **117**
ethnicity, Access to health care for ethnic minority populations, **141**
Diabetes and ethnic minorities, **486**
evidence based medicine, The "OBS" chart: an evidence based approach to re-design of the patient observation chart in a district general hospital setting, **663**
evidence based practice, Should the single subject design be regarded as a valid alternative to the randomised controlled trial?, **546**
Single subject trials in primary care, **547**
evolution, Darwin's illness revealed, **248**
examination, Correlation between clinical diagnosis and arthroscopic findings of the shoulder, **657**

facial palsy, Surgical correction of unilateral and bilateral facial palsy, **562**
family medicine, Correlations of work, leisure, and sports physical activities and health status with socioeconomic factors: a national study in Israel, **262**
family practice, Pragmatic, observational study of bupropion treatment for smoking cessation in general practice, **719**
Use of humour in primary care: different perceptions among patients and physicians, **126**
Fellowship of Postgraduate Medicine, History of the Fellowship of Postgraduate Medicine, **673**
food allergy, Food allergy in children, **693**
food specific IgE, Food allergy in children, **693**
Fournier's gangrene, Acute irritant reaction to an antiseptic bath emollient, **131**
functional gastrointestinal disorders, Functional abdominal pain, **448**
functional imaging, Mechanisms underlying recovery of motor function after stroke, **510**

gastric cancer, Epidemiology of gastric cancer in Japan, **419**
gastroenteritis, Pathogenesis and treatment of *Clostridium difficile* infection, **367**
gastroenterology, Measuring the quality of referral letters about patients with upper gastrointestinal symptoms, **467**
gastrointestinal involvement, Gastrointestinal involvement in POEMS syndrome: a novel clinical manifestation, **e12**
gastrojejunostomy, Low grade B cell gastric mucosa associated lymphoma presenting as upper gastrointestinal bleeding from non-healing stomal ulcers, **135**
gene polymorphism, Polymorphisms of CD14 gene and TLR4 gene are not associated with ulcerative colitis in Chinese patients, **526**
general practice, Co-morbidity in general practice, **474**
genetics, Dermatology spot diagnosis, **497**
Gilles de la Tourette's syndrome and its impact in the UK, **12**
genitourinary medicine, Genitourinary medicine and surgery in Nelson's navy, **413**
Gilles de la Tourette's syndrome, Gilles de la Tourette's syndrome and its impact in the UK, **12**
glutamine, Nutrition support for patients in the intensive care unit, **629**
glycaemic control, Under-recognised paradox of neuropathy from rapid glycaemic control, **103**
glycosylated haemoglobin, Under-recognised paradox of neuropathy from rapid glycaemic control, **103**
gout, Diagnosis and management of gout: a rational approach, **572**
granulocyte colony stimulating factor receptor, Expression of granulocyte colony stimulating factor receptor in human colorectal cancer, **333**
guidelines, National review of urology outpatient practice in the UK, **55**

haemangioendothelioma, Gastric epithelioid haemangioendothelioma: a rare cause of upper gastrointestinal bleeding, **e7**

handheld computers, Handheld computers in medicine: the way forward, **481**
health care access, Access to health care for ethnic minority populations, **141**
health disparities, Access and equity to cancer care in the USA: a review and assessment, **674**
health economics, Cost of ambulatory care of diabetes mellitus: a study from north India, **391**
health education, Correlations of work, leisure, and sports physical activities and health status with socioeconomic factors: a national study in Israel, **262**
health insurance, Access and equity to cancer care in the USA: a review and assessment, **674**
heart failure, Device based treatment of heart failure, **286**
Impact of heart failure on quality of sleep, **99**
Management of chronic heart failure: perceived needs of general practitioners in light of the new general medical services contract, **321**

Reviews

1 Postprandial dysmetabolism and cardiovascular disease in type 2 diabetes *M E Tushuizen, M Diamant, R J Heine*

7 Treatment of scabies: newer perspectives *K Karthikeyan*

12 Gilles de la Tourette s syndrome and its impact in the UK *J S Stern, S Burza, M M Robertson*

20 Neurological channelopathies *T D Graves, M G Hanna*

33 Heart and mind: (2) psychotropic and cardiovascular therapeutics *S U Shah, Z Iqbal, A White, S White*

41 Clinical presentation and operative repair of hernia of Morgagni *T P F Loong, H M Kocher*

History of medicine

45 The Royal Society of Medicine *P Hunting*

Original articles

49 Improving hospital doctors working lives: online questionnaire survey of all grades *A Dornhorst, J Cripps, H Goodyear, J Marshall, E Waters, S-A Boddy on behalf of the Improving Working Lives Intercollegiate Committee*

55 National review of urology outpatient practice in the UK *P E Gilmore, D C Shackley, N W Clarke, C D Betts, K J O'Flynn*

Adverse drug reaction

58 Irreversible sensorineural hearing loss due to clarithromycin *J Coulston, N Balaratnam*

Case reports

60 Reactivation of old scars: inevitably sarcoid *J S Sorabjee, R Garje*

62 Arrhythmias in an athlete: the effect of de-training *O A Obel, C Davidson*

65 An uncommon cause of back pain in pregnancy *R Vadivelu, T P Green, R Bhatt*

68 Active inflammatory bowel disease and coronary artery dissection *M Srinivas, P Basumani, R Muthusamy, N Wheeldon*

Images in medicine

67 Cardiac tamponade *J Farma, D Nguyen*
